

Programme title: External actions of the European Union – Grant Contract ENPI/2016/381-861

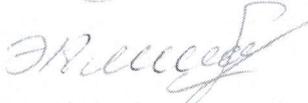

Reference: ENPI/2016/381-861/TD1

“Design Review and Construction of Photovoltaic Power Plant SPP”

Minutes of Pre-Tender Meeting (Site Visit)

1. Time and place for tender meeting: 22 June 2018, 14:00 (local time), Vayots Dzor region, c. Yeghegnadzor, str. Narekaci 3/1
2. List of representatives of the tenderers attended in the meeting is presented in Annex#2 to these minutes.
3. Some clarifications have been made which are presented in Annex #1.
4. These minutes will be uploaded on the websites at <https://arevadzor.eu/en> and <http://vdzor.mtad.am> to familiarize by all tenderers.

Annexes: 1. Clarifications
2. List of representatives of the tenderers attended in the meeting.

Name, position	Signature
Aleksan Avagyan – Local Expert on PV technologies for SPP	
Karen Jeyranyan – Expert on promotion of intercommunity cooperation and community capacity building	
Erna Amirkhanyan – Procurement Expert

“Design Review and Construction of Photovoltaic Power Plant SPP”

Annex #1 Clarifications

1. According to the agreement between EUD and MTAD, VAT and any import fees/taxes are exempted, so the winner of the contract will have to quote net from VAT/Taxes.
2. Take into consideration that the wind speed can sometimes reach 35-40 m/s or more, and taking into account the high altitude, plateau position of the photovoltaic station, that is important that all the power plants, especially the photovoltaic panels are firmly fixed on the ground.

Special measures need be taken to protect against lightning strikes (lightening conductor, reliable grounding, etc.).

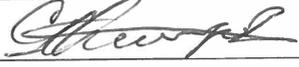

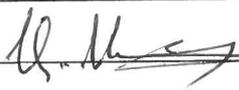

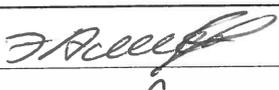

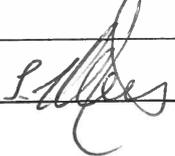

Taking into account the specifications of the pilot program, the service center building should be strictly energy saving (so-called “solar home”), and night lightening lamps should be LED.
